Another Year...

Another show season has come and gone and as we all put many miles in the rearview mirror, I hope you all look back with a smile for all the memories made.

The American Shorthorn Staff has enjoyed working with everyone over the past year and attending these shows alongside our members. We are always trying to make improvements to help these shows run flawless. For example

re-vamping our check in process to use computers which helps us get the show programs put together faster and back to exhibitors to review. We are already looking forward to next year attending point shows and getting to know the members on an even deeper level.

Make sure you are checking out your show points for the past year, which can be viewed on your digital beef account

under show points. Be on the lookout in the upcoming May/ June issue of the Shorthorn Country for the National and Regional Show winners from the 2024-2025 show year.

The diagram below is a breakdown of the Show System Point Distribution for the 2024-2025 show season. We look forward to the next year and those memories to come. 🌟

ASA Point Show System Point Distribution
